

Text links

Text links are links that are primarily used inline within text. They are also sometimes used within components if to help users navigate to specific areas. A filter overlay of 85% brightness will be applied to the default states for the active state.

Default

Use a primary compact button to call attention to an action on a form or to highlight the strongest call to action on a page. Primary compact buttons should only appear once per container (not including the application header or in a modal dialog). Not every screen requires a primary button. A filter overlay of 85% brightness will be applied to the default states for the active state.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an  unknown printer took a galley of type and scrambled it to make a type specimen book.
